15	<p>Many officers work hard to handle each situation carefully. But sometimes racial bias leads to an excessive use of force.</p> <p>Systemic racism also plays a role. Systemic racism is when systems are in place that put people of certain races at a disadvantage.</p>
27	<p>This page depicts an illustration with a map of the world. There are shaded areas on the map illustrating where BLM protests have taken place. Above the map on the page is the citation:</p> <p>"This map shows some of the countries around the world where demonstrators protested the death of George Floyd in early June. Why do you think this issue is so important to so many people? What might the map suggest about racism around the world?"</p>
44	<p>"You Are There</p> <p>This book discusses Minneapolis protests against police violence. Imagine you are at one of the protests. What do you see and hear? What do you smell and feel? Use details to describe your experience."</p>
