|------|---|
| 13 | Unlike the thin, pale look of many heroin and crack cocaine users, Ecstasy users are primarily well-built, well-groomed, young adults. [They] would take Ecstasy and begin gyrating oddly to the pulsating 'techno' music...patrons would constantly touch one another, regardless of gender. Sex acts were often simulated non the dance floor. |
| 24 | Ecstasy took me back to a place where I was before adolescence. When the world seemed new and I wasn't limited by my immediate past. It made me think about what I wanted to do and what was important in life. It reminded me of when I was a child and didn't feel guilty or ashamed or anxious about anything. |
| 41 | "You might feel a big-time mood lift; an intense bond with anyone you happen to run into; a rush of energy; the urge to talk your head off; or happy hallucinations," wrote Larry Smith in an article about the drug. "Ecstasy triggers a big blast of the brain chemical serotonin, which puts you in a great mood in a hurry. Your inhibitions will disappear and you'll love everything around you, from music to people to plants." |
| 53 | ...Assailants have been known to slip the drugs into the drinks of teenage girls and young women who, after succumbing to the tranquilizing effects of the drugs, are raped. In recent years, ketamine has also been used in date rape incidents. |
