39	I guess part of it is due to the fact that he's gay and, I don't know, it's just difficult to tell if someone else is queer or not, most of the time. Especially at our age.
66	..."For a bunch of straight guys who think it's so weird for men to check out other men, you sure spend a lot of time staring at his ass, don't you think?"
67	Like Lizzie Harris in math class last year, sitting behind me with her friends before the teacher arrived and declaring loudly, "Well, you know, some people just have to turn lesbian when they realize no guy in his right mind would ever look at them twice." ...At least that kind of insult is better than some guy walking up to you and when all you're doing is talking to your girlfriend and suddenly you're being told that "Okay, so that black chick is hot, but you know she's not actually a dude, right? But I have some friends who would totally volunteer to show you what you're missing out on," punctuated with a wink, a laugh, and a shoulder-bump.
226	What if I have made a terrible, terrible mistake? Have we ever had any sort of confirmation that Danny was into boys? Because I have always just assumed that he was gay or bi, but what if...oh my god, what if he does like Stelly and isn't into guys at all?
289	"Can I try something?" he asks, and before I understand what is happening he has put both his hands on my cheeks, one gloved and one bare, and suddenly I am being kissed. "Oh," I say, a little breathless when he pulls back a moment later. He still has his hands on my face. "Was that all right?" ..."Can we do it again?" I exhale heavily, feel my mouth curve into a smile. "Absolutely. If you want to. We can do that." "I was hoping you'd say that," he whispers, grins, and then leans in again.
315	He leans in and kisses me, right here in front of everyone, and I can feel my ears burning a little. "You're welcome," he says, and takes my hand.
