30	Twelve years ago, I gave birth to a baby I thought was a girl. Starting when our child was seven, he tried to show us, just like Hannah in the book, that in his heart and his brain, he was a boy. When he was nine, he learned the word for this: transgender.  Once we understood what our child had been trying to tell us, his dad and I helped him socially transition. He picked a new name, got "boys" clothing, changed his pronouns to he/him/his, and finally (finally!), he got a short haircut.
